Peter Weber

Legacy of caring.

Our founders were true visionaries driven to deliver compassionate care and inspire individuals to improve their whole health starting in 1882. When you think of Centura Health as a 140-year ministry, we are a small part of a larger, rich history.

We are standing on the shoulders of giants, building on the discoveries made by the faithful, risk-taking pioneers who came before us.

Gracel F.,
Pharmacy

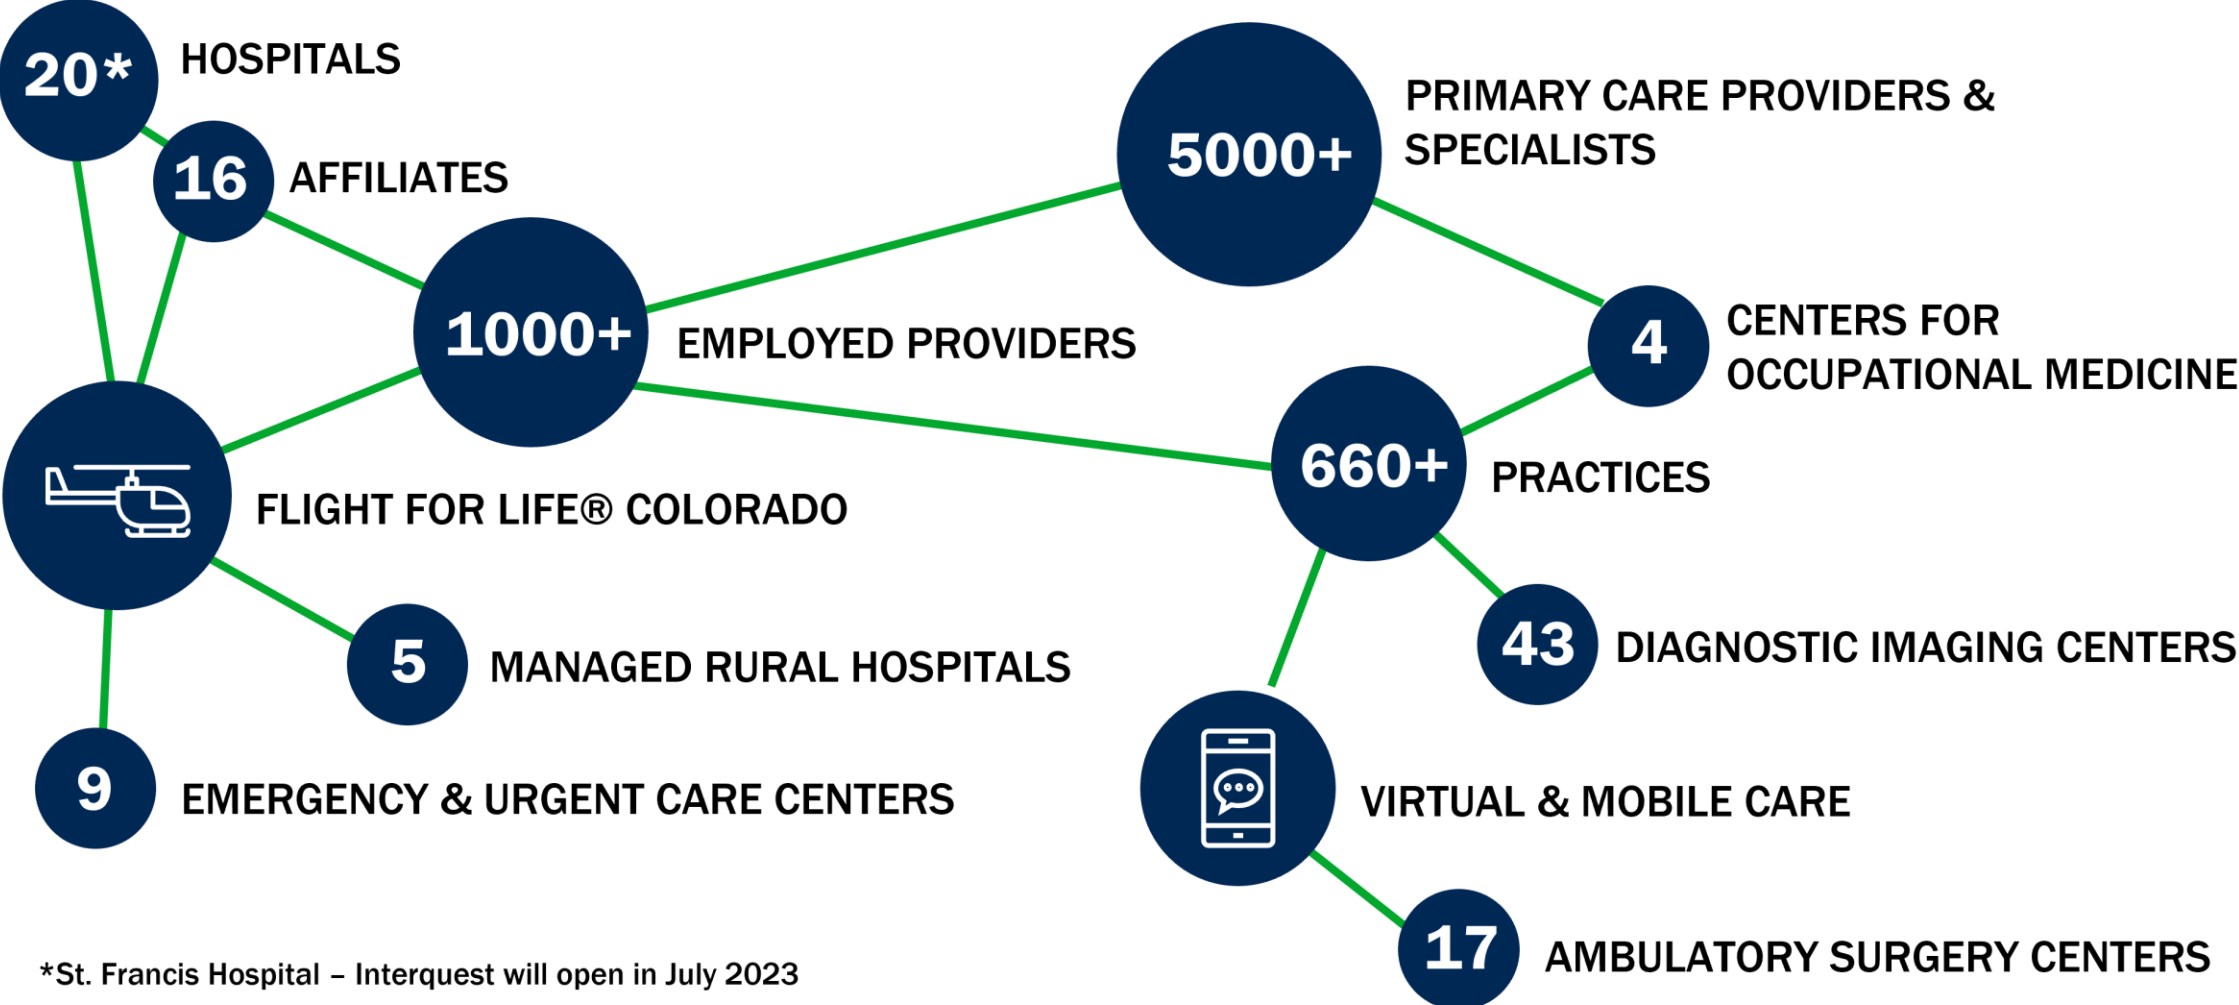

Our Mission has been inspiring since day one.

We'll always be evolving — you and our communities — but our hard work and commitment are rooted in big things that never quite change.

We extend the healing ministry of Christ by caring for those who are ill and by nurturing the health of the people in our communities.

Health is better where we are.

*St. Francis Hospital - Interquest will open in July 2023

Porter Adventist Hospital: A Cornerstone of Care in This Community

Arapahoe and
Denver Counties

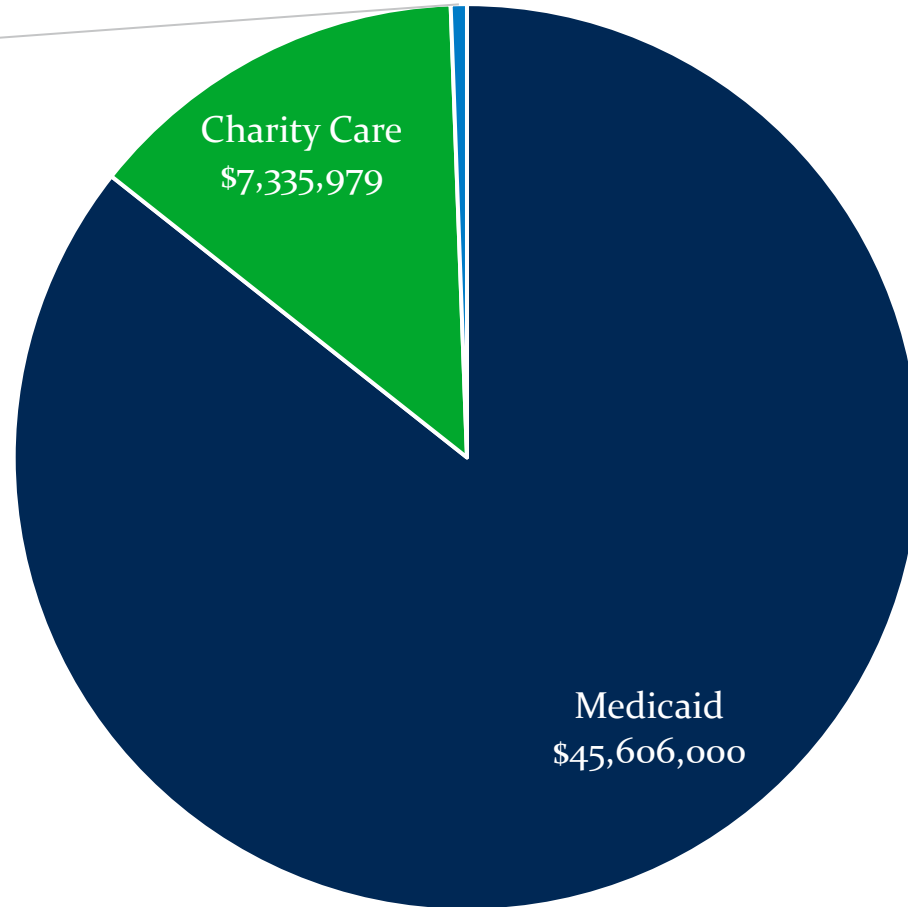

For more than 90 years and counting, Porter Adventist Hospital has provided people throughout Denver and the regional area with excellent, compassionate, whole person care.

The hospital is a leader in orthopedist, spine, behavioral health, digestive health, transplant, cancer care and cardiovascular care. Porter was again recognized by Healthgrades as a Top 100 Hospital in the nation for 2020 and one of the top two hospitals in Colorado by U.S. News and World Report.

Community Benefit Fiscal Year 2022: \$53.2 Million

Community
Health
Improvement
\$306,300

The Hospital Transformation Program

Hospital Transformation Program (HTP)

- Quality Improvement program specifically for Health First Colorado members
- Over the course of the five-year program, provider fee-funded hospital payments will transition from pay-for-process and reporting to a pay-for-performance structure in an effort to improve quality, demonstrate meaningful community engagement and improve health outcomes over time.
- Community engagement is a key component of our work

All Hospitals are Required to Work on These Six Measures

- **Readmissions:** Making sure people do not need to be re-hospitalized within the 30 days after being discharged from the hospital
- **Screening for Social Needs:** Asking people if they have any concerns about food, housing, transportation, utilities, or violence in their homes and helping them find resources to meet their needs
- **Behavioral health:** Working with Medicaid to make sure people with mental illness or substance use disorders have good plans in place when they're discharged from the hospital
- **ALTOs:** Alternatives to Opioids – giving people in pain in the Emergency Department pain medications that are not opioids
- **Hospital Index:** Improving the quality of care that patients receive and reducing the cost of care
- **Length of Stay:** Getting people out of the hospital safely

Porter Adventist Hospital

Choice Measures & Updates

- **Statins for Stroke Pts.**
- **Medication prescriptions for Opioid Use disorder in the ED**
- **Scheduling follow-up doctor appointments for patients who are hospitalized**
- **Increasing number of telehealth appointment**

Looking Forward: What Are Other Important Needs to Consider?

- ✓ What should we consider as we move forward with our work?
- ✓ Let us know if you would like to work with us to address our measures.

Please respond to our survey following the meeting.

Community Health Priorities: Living our Mission

Progress Update

Community Health Priorities

2020 - 2022

Behavioral Health

Access to Healthy Affordable Food

2022 - 2025

Behavioral Health

Access to Healthy Affordable Food

Strategic Objectives

- ✓ Advance community health alignment and integration
- ✓ Build capacity for more equitable communities
- ✓ Expand clinical community partnerships and linkages
- ✓ Inspire, innovate and scale high impact initiatives

We Love Our Community

GeriActives- A weekly online socialization group for seniors

Help and encouragement after the death of a loved one

Meets in person every Thursday at Porter Hospital

We serve an average of 15 community members each week through GriefShare

Youth Mental Health Summit

- ❖ Porter provided clinicians to teach mental health resiliency sessions to Denver area high school students at the Denver Youth Summit
- ❖ Approximately 600 students attended the Summit

We Love Our Community

Educational booths at Porter and Mercy promoting mental health awareness and suicide prevention

Caring Contacts

A peer specialist calls all patients discharged from ED with suicidal attempts/ideation within 72 hours after discharge

468 Porter patients were outreached through Caring Contacts in 2022.

Offers additional support for marginalized communities

Interns

10-year partnership with DU Master's in Forensic Psychology Program

Porter pairs interns with emergency psych teams and intensive outpatient services for year-long opportunities.

Health Equity &
Advancement Fund

Health Equity & Advancement Fund

The Centura Health Equity & Advancement Fund was launched in 2021 in support of Centura Health's commitment to Diversity and Inclusion (D&I) across our vibrant communities in Colorado and Western Kansas. Our commitment to social justice lies in Centura's Core Values, our Mission to extend the healing ministry of Christ, and from our Adventist and Catholic founders, who teach us that all people are made in the image of God and so possess an equal and inalienable worth.

Thank you!
