

Sponsored by your Medical Staff

Complimentary Physician Counseling Services

Do what's best for your family and patients — take care of YOU!

Your Medical Executive Committee has approved funding for medical staff and spouse/partner, to receive up to six (6) complimentary counseling sessions annually with a non-affiliated, licensed clinical psychologist.

We recognize and honor the unique challenges of being a physician/allied health professional. Addressing personal concerns sooner rather than later is good preventive medicine. Choose one of these psychologists to partner with you on your journey to well-being — anonymously. Your confidentiality is thoroughly respected through the entire process. Virtual and in-person appointments are available. Please email one of the counselors below to schedule an appointment.

Cher A. Geiger, PsyD

11 North Grant Street
Suite 204
Hinsdale, IL 60521
Phone: 630-631-9523
