2-DAY EVENT

THURSDAY, DECEMBER 5, 2024
& FRIDAY, DECEMBER 6, 2024

PRESENTED BY

BATSON-COOK
CONSTRUCTION

WHY PARTICIPATE

AdventHealth Heart, Lung, and Vascular Institute

AdventHealth Heart, Lung, and Vascular Institute treats more cardiology patients than any other hospital in the United States.

The Trina Hidalgo Heart Care Center for Uninsured Patients

AdventHealth's outpatient heart care clinic provides free medical treatment, medication, medical supplies, compassionate care and education to approximately 1,000 uninsured and under-served heart patients a year.

"I am able to write, see, hear, and breathe because of the Heart Care Center and its staff. It is very hard having so many health problems and not being approved for medical coverage. I pray that God can help us realize life's plan is not to exclude anyone from receiving help."

- Trina Hidalgo Heart Care Center Patient
