PROCEEDS

Join us as we look beyond the heartbeat to spark a change in the narrative for one of the most undetected diseases our nation has ever faced – vascular disease. Our goal is to create AdventHealth's first ever Vascular Center of Excellence for pediatric and adult patients. This new program will help detect, protect and treat patients before a life-threatening incident occurs and establish a new hybrid operating room for critical procedures. With your contributions, we can save more lives from this devastating illness, prevent limb loss and provide lifesaving technology for the most advanced vascular surgeries. You can help unlock the path to personalized vascular care at AdventHealth Cardiovascular Institute.

Vascular treatments transferred to AdventHealth Orlando have **increased 35%** from 2017 - 2019 and are expected to rise.
