

Clinical Brief #21 | COVID-19

Developed Monday, April 27, 2020

INFORMATION FOR ALL CLINICIANS

Clinical leaders are providing frequent updates to all clinicians in an effort to keep you current about AdventHealth's response to COVID-19. The following topics are included in this brief:

- Safely Reopening Post-COVID-19
- Hydroxychloroquine (HCQ) Federal Drug Administration (FDA) Warning
- Medical Executive Committee Resolution on Provider and Patient COVID-19 Testing
- COVID-19 Multidisciplinary Information Session V
- Hospitalist Brief #8

5:00 pm April 27 COVID-19 Situation Report

*Based on COVID-19 Power BI Dashboard data

COVID-19	CFD	WFD	MSD
Total Confirmed	1,484	146	319
Currently Inpatient	83	27	27
Total Negative Tests	25,185	2,967	3,460
Current PUI	86	60	28

Safely Reopening Post-COVID-19

[This document](#) outlines the criteria for safely reopening facilities. The goal of this checklist is to mitigate the risk of resurgence and protect patients and staff and can be implemented on a regional or divisional basis.

HCQ FDA Warning

On April 24, the [FDA](#) cautioned against the use of HCQ/CQ for COVID-19 outside of the hospital setting or a clinical trial, due to the risk of heart rhythm problems. The AdventHealth Treatment Algorithm for COVID-19 in Adult Patients, updated April 20, is provided [here](#).

Medical Executive Committee Resolution on Provider and Patient COVID-19 Testing

[This resolution](#) from the Medical Executive Committee requires COVID-19 testing for all onsite providers and permits standing orders for COVID-19 tests for all hospital patients. [This PowerPoint slide](#) summarizes the resolution.

COVID-19 Multidisciplinary Information Session V

In the wake of rapid developments with COVID-19 outbreaks, it is important to keep our team of physicians, advanced practice professionals, nurses, pharmacy technicians and respiratory therapists updated. This **Tuesday, April 28, from 6:00 to 7:00 pm**, a COVID-19 Multidisciplinary Information Session V will be live-streamed. Vincent Hsu, MD, hospital epidemiologist and director of Infection Prevention, will host the event with a panel discussion on the plan for reopening hospital services. As usual, we will conclude with a question and answer (Q&A) session. You may text your questions to 407-906-1628. Please note that due to call volume, not all questions will be addressed.

You can see the VIMEO live-stream on Tuesday, April 28, by clicking the link below:

VIMEO Livestream Link: vimeo.com/411403333 *Active Link — no continuing medical education (CME) available with this link*

Event Host: Vincent Hsu, MD, hospital epidemiologist and executive director of Infection Prevention

- Topic: Reopening of Hospital Services
- Text questions for Q&A panel to 407-906-1628
- Option for CME credit

CME Access and Viewing

Open your cellphone camera and scan QR code to register attendance.

The QR code must be scanned and questions answered to claim CME credit.

Hospitalist Brief #8

This [Monday's Hospitalist Brief](#) includes updates on:

- Health Information Exchange (HIE) Cerner Update
- Provider Documentation for COVID-19 Patients Cerner Update
- FDA Announcement: Hydroxychloroquine Treatment

[Clinical Briefs](#) | [Hospitalist Briefs](#)

We encourage you to take care of yourself, your families and each other as we move through this ongoing response to COVID-19.
