

Clinical Brief #42 | COVID-19

Developed Monday, August 31, 2020

INFORMATION FOR ALL CLINICIANS

Clinical leaders are providing frequent updates to all clinicians in an effort to keep you current about AdventHealth's response to COVID-19. The following topic is included in this brief:

Additional Consent Form Required for COVID-19 Convalescent Plasma

An additional consent form is required for transfusion of COVID-19 convalescent plasma (CCP). This is a change from the communication on Thursday, August 27, 2020, due to regulatory changes that occurred shortly after.

The process changes were implemented at midnight on Friday, August 28, 2020, and changes to the PowerPlan orders are now available in Cerner. A new consent has been developed to comply with regulatory requirements.

Lab and transfusion teams are now required to gather **TWO** consent forms for CCP:

1. The **Blood/Blood Product Component(s) Transfusion Consent Form Addendum: COVID-19 Convalescent Plasma** ([link](#))
2. The **AdventHealth Blood Products** consent form
